

IN3030/INM402 Data Visualization

Assessment Schedule

<i>Assessment type and % of total module mark</i>	<i>Description and release date</i>	<i>Submission deadline and mode</i>	<i>Feedback schedule</i>
Non-assessed practical exercises 0%	Weekly practical exercises to support each session. Release date: Thursday of each teaching week.	No formal deadline, but weekly completion is strongly encouraged.	Weekly feedback by staff in labs and on Moodle discussion board. Model answers/reviews of exercises released weekly.
Coursework 100%	Data visualization project. Selection of appropriate dataset; design and build a data visualization application to answer a research question. Release date: 26th January 2016	1st May , 2016 via Moodle	Detailed feedback and provisional marks on Moodle by 29th May 2016.

Work submitted after the submission deadline WILL NOT BE MARKED except where an Extenuating Circumstances (EC) form is submitted and approved. If applying for EC, **submit your work as soon as possible** (do not wait for the EC decision). If late submission is not possible, the EC panel will make alternative recommendations to the assessment board.
